So - please make sure morning furniture removal by Wilson happens and get Alex moving

Counter top

Get that plywood delivered today if possible and get him to buy the related pieces -- 6 foot long wire, small/discrete metal clamps, and eyelet anchors that will go in the ceiling

6' by 4' size -- highly textured plywood (I hope you know what I mean)

Wilson and co will hang em for us. We can decide later re: painting

Hey Amol,

Talked to Wilson—he doesn't seem to have plans to move the tables this morning. I've emailed Norman at his suggestion. Do you want me and Alex to work on dismantling them?

Got the plywood delivered. One issue: it has markings on it. This might have to be the batch we paint/test batch. Well keep searching for unmarked sheets.
